Mission Statement

We, the 2010 Indiana Memorial Union Board of Directors, are dedicated to serving students through ethical and diverse programming efforts.

We will provide enhanced learning and social environments that stimulate creativity, intellect, and personal growth.

We are committed to increase awareness on contemporary issues, and encourage our peers to develop informed opinions and take positive action.

As we cherish past traditions, we will shape a new legacy. We will act as a bond that unites, empowers, and is shared by the community.
